Trucking Experts Ltd. provides operational safety and business consulting services, as well as compliance training programs for new transportation companies.

Providing a holistic experience, from training to hiring.

With decades of experience in the transportation industry, CEO Raminder Singh saw an opportunity to provide a holistic concierge service for companies seeking to grow their fleet and hire drivers. This includes screening potential drivers for employment opportunities with Trucking Experts Ltd.'s clients.

“We need drivers to get their police clearance checks, and it’s difficult to have to go to a police station to get it done. We’ve enjoyed using Certn because these checks can now be done quickly without needing to leave the house.”

- Raminder Singh, CEO.

The value of mobile background checks.

The transportation industry relies on safe, well-experienced drivers and operators across Canada. Trucking Experts Ltd. provides clients with drivers that have been vetted quickly and accurately through Certn's all-in-one screening platform.
